Where: R10Sea-ConfLineMM Ex. 6 - Personal Privacy and Peter's office
Importance: High

Hi all,

Apologies for this early morning time slot; this was the only time Peter, Lisa Castanon, and Garth were all available at the same time. The MML Ex. 6 - Personal Privacy and will be calling in. Others can meet in Peter's office on the northeast interior corner of 19.

At today's Puget Sound Team meeting, we agreed to meet to focus on the "Whatsupstream.com" website and start developing common talking points that OWW, WOO, and RA's office could use in communicating about this EPA-funded product.

I am attaching (1) a recent briefing we prepared for Dennis which has some "messaging" bullets at the end; and (2) a summary of an exchange I had with another EPA grantee, Skagit County Public Works, who was calling to express concern with the website.

Perhaps we can start from these materials in developing a set of bullets we can all use.

Lisa
